Read about Sofia's digital day and answer the questions.
The solutions are in the video.

Hi! I'm Sofia and I use my laptop and mobile phone every day — but not just for fun!

In the morning, I check my emails and sometimes send an email to my teacher if I have a question. At school, we also use laptops to do research and save our homework.

After school, I go online to surf the web. I like reading news for teenagers and watching videos. I'm careful, though — my dad always tells me to create a backup of my files and not to click on strange links!

Sometimes I play games, but I try not to spend too much time in front of a screen.

On Saturday mornings, I always go for a run in the park with my sister. After that, we usually have a pizza for lunch — my favourite is pepperoni! In the afternoon, I sometimes meet my friends in town. We walk around, get ice cream, or just sit and talk.

On Sundays, I like to play games on my computer or read a book if I want something quiet. In the evening, my family and I watch a film together. Weekends are never boring for me!
